

Ad-ID Rate Card

Ad-ID is the industry standard for identifying advertising assets across all media platforms.

www.ad-id.org

The use of Ad-ID requires a registered prefix and the purchase of credits for codes (1 credit = \$1). Customers can purchase any number of credits based on their needs. Credits not used by the annual account anniversary date will roll over.¹

PREFIX

A prefix is a 4 character identifier registered to a company and used at the beginning of each Ad-ID code.

Prefix: \$0

ACCOUNT DEFINITIONS

LOCKED PREFIX/ACCOUNT: can only be used for the advertiser to which they are licensed

UNLOCKED PREFIX/ACCOUNT: can be licensed to agents (ad agencies, distribution companies, etc.) and used for multiple advertisers that do not have a locked prefix

CODES FOR LOCKED ACCOUNT

The pricing for locked accounts is implemented based on annual account spend for one account during a 12 month period. The 12 month period begins on the date the account is created and ends on the account anniversary date, at which point the price per code will reset to the pricing at the \$0-\$18,000 level.

Costs for an individual locked account will not exceed \$25,000 per 12 month period. After the maximum dollar amount has been reached on a locked account, codes are free until the anniversary date.
